Creative Brief

Flow Park – Sales Presentation

A. Objective:

- This presentation is designed specifically for the Sales Team.
- It will be used during client meetings to ensure:
  - ✓ Unified messaging
  - ✓ Consistent storytelling
  - ✓ Premium and professional project presentation
  - ✓ A structured sales journey
- The presentation should feel like a guided experience, not just slides.
- It should take the client on a journey — from who we are, to why Flow Park, to how they can own a unit.

B. Tone:

Premium – Elegant – Clean – Confident – Modern

C. Structure & Slide Breakdown:

1. Cover Slide:

- Company Logo
- Slogan: “Spaces of Harmony”

(Clean, welcoming layout)

<u>Purpose:</u>

- This slide should feel like a warm welcome.
- It sets the tone for the meeting and allows the sales representative to greet the client professionally.

2. Our Story:

(We need a 6-line story telling the company journey.)

<u>Suggested Text:</u>

For over 19 years, we have been building and developing in Obour City.

We believe in shaping communities, not just constructing buildings.

We deeply appreciate the beauty and potential of Obour, and we carefully select the best land plots to create meaningful living experiences.

Our developments are designed to elevate everyday life.

Two of the most experienced developers in Obour joined their expertise and vision together.

And from that shared vision, Flow was born.

3. About Us – In Numbers:

A clean numeric slide:

- 19 Years of Experience
- 100 Projects Delivered (Residential & Commercial)

➢ Design should be bold and minimal.
➢ Numbers should dominate visually.

4. The Founders:

- Eng. Osama Romany

  Eng. Osama Romany is the Co-Founder of Flow Development, with over 19 years of experience and a portfolio exceeding 100 projects, including commercial malls, villas, and residential buildings. His projects have earned strong market trust through high construction quality, strict commitment to deadlines, and a “Client First” philosophy.

- Eng. Emad Samir

  Eng. Emad Samir is a Co-Founder of Flow Development and one of the leading figures in real estate development in East Cairo. He has successfully developed several distinguished commercial and residential projects that achieved rapid sales rates and strong client trust through quality execution and commitment. His experience spans many years of hands-on project management, from site selection and execution to final delivery.

5. Previous Projects (Video Slide):

- Embedded video of past projects. (Hybrid)

➢ The slide should feel cinematic and premium.

6. Current Projects:

<u>Section divided into:</u>

- Residential Projects
- Commercial – Coming Soon

➢ Clean layout with subtle motion transitions.

7. Flow Park – The Concept:

- This slide introduces Flow Park as the flagship residential project.
- Slogan for Flow Park Project

8. Location Slide (Motion):

- Animated location map.
- Nearby landmarks should appear highlighted/glowing:
  - ✓ Main roads
  - ✓ Key facilities
  - ✓ Strategic connections

➢ This slide must visually communicate accessibility and value.

9. Project Fact Sheet:

(This page already exists in the Sales Kit & Brochure.)

<u>We need:</u>

- ✓ Total land area
- ✓ Total number of units
- ✓ Built up area
- ✓ Facade length
- ✓ Number of buildings

➢ Redesign it to match the presentation style while keeping clarity and simplicity.

10. Facilities & Amenities (Interactive Grid):

- A full grid of all facilities and amenities.
- Each image:

✓ Has the facility name below it

✓ When clicked, opens a small description panel explaining the feature

➢ This slide should feel interactive and smooth.

11. Master Plan (Motion):

(Interactive master plan)

- Facilities clearly labeled with:

✓ Arrows or highlights

✓ Smart Gate

✓ Swimming Pool

✓ Green River

✓ Other Facilities and amenities…

➢ Subtle animation to guide the client's eye.

12. Unit Types – Interactive:

➢ This should be fully interactive:

- Step 1: Display building types on the master plan.
- Step 2: Clicking a building opens floor plans:

✓ Ground
✓ First
✓ Second
✓ Third
✓ Fourth
✓ Fifth

- Step 3: Clicking a specific unit highlights it and shows:

✓ Area
✓ Layout

➢ Smooth transitions are important.

13. Payment Plans:

- This slide should include:

✓ Template layout of all available payment plans

- Built-in calculation logic

<u>When:</u>

✓ The sales rep inputs total unit price

✓ Selects a payment system

<u>The slide automatically calculates:</u>

✓ Down payment

✓ Installment value

➢ Must look clean, professional, and easy to use live.

14. Partners:

- Display strategic partners.

➢ Design should reflect strength and credibility.

15. Thank You Slide

- Final slide should include:

✓ Thank you

✓ QR Code (for review or feedback about project/experience)

✓ Website link

✓ Social media icons (with hyperlinks)

➢ Clean and elegant closing.

D. Technical Requirements:

- Hotline must be fixed and visible on all slides.
- Navigation shortcuts on every slide to jump to any section easily.
- The presentation should be developed using HTML code (HTML-based format),not a traditional PowerPoint file.
- Smooth transitions and light motion elements.

E. Overall Creative Direction:

- The presentation should feel like:

✓ A guided luxury journey

✓ Structured sales storytelling

✓ Modern and high-end

✓ Clear and persuasive

✓ It should not feel like a traditional PowerPoint.

✓ It should feel like a branded experience.
